

SURYAKIRAN P. J.

Python Full Stack Developer

Email: suryakiranpjineesh@gmail.com | GitHub: github.com/skiran-ai | LinkedIn: linkedin.com/in/surya-kiran-967659351 | Location: Kerala, India

PROFESSIONAL SUMMARY

Enthusiastic Python Full Stack Developer with a solid foundation in computer science and full-stack architecture. Passionate about building robust backend APIs using Python & Django, paired with dynamic, responsive user interfaces built with React.js, JavaScript, and Bootstrap 5. Adept at problem-solving, clean code design, and continuous technical growth.

EDUCATION

Bachelor of Science in Computer Science — MG University, Kerala, India

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Bootstrap 5, JavaScript (ES6+), React.js, Responsive Web Design

Backend: Python, Django, Django REST Framework, RESTful APIs, Relational Databases

Tools & Platforms: Git, GitHub, VS Code, Postman API Testing

Core Competencies: Full Stack Architecture, Component Design, State Management, Problem Solving

KEY PROJECTS

DevNexus — Full Stack Project Manager (React, Django, REST API)

Engineered full stack collaboration platform featuring Django backend authentication, JWT tokens, REST API endpoints, and a React frontend dashboard.

SwiftCart — Modern E-Commerce Platform (Python, Django, React.js)

Developed e-commerce engine leveraging Django ORM for product management and order processing with dynamic React shopping cart UI.

PyEngine — Django RESTful API Service (Python, Django REST Framework)

Architected modular backend API endpoints using custom serializers, input validation guards, error handling, and Postman API test collections.
